WORK EXPERIENCE

Full Stack Developer Intern

Luminar Technolab

2023 - 2024

Kochi, India

Fulfillments:

- **Studied full stack web development** using various technologies, primarily Python, with class-based models and function-based views.
- **Leveraged SQLite and MySQL** to store and retrieve data models in data, image, file, audio, and video formats, ensuring smooth and efficient data flow across modules.
- **Implemented responsive front-end interfaces** using HTML, CSS, and JavaScript, enhancing user experience and accessibility.

Academic Project Intern

Riss Technologies

2023

Kochi, India

Fulfillments:

- **Demonstrated academic project development** by following the SDLC and preparing SRS documents in advance.
- **Worked closely with mentors** throughout the academic project lifecycle, contributing actively to planning, development, and testing, which resulted in the successful delivery of an A-grade outcome.

TECHNICAL SKILLS

HTML5

CSS3

Python

Django

MySQL

SQLite

JavaScript

Bootstrap

jQuery & Git

KEY PROJECTS (LATEST)

ReloKart - MCA Mini Project

- Developed as a **student hostel booking platform** with integrated payment gateway, enabling seamless room reservations and transactions.
- **Implemented additional features** for purchasing products and managing luggage shifting, enhancing overall user convenience and platform functionality.
- **Technology Stack:** HTML5, CSS3, Bootstrap, JavaScript, jQuery, Python-Django and SQLite.

flybus.com - Personal Project

- Developed as a **tracking and booking goods platform**, primarily freight and cargo, through online systems.
- Implemented an email feature to automatically send tracking IDs to users via their registered email accounts.
- **Technology Stack:** HTML5, CSS3, Bootstrap, JavaScript, jQuery, Python, Django and SQLite.

Color My World - BCA Academic Project

- Developed an application for **purchasing room interior products**, including curtains, floor mats, and related items.
- It also has access to service pages to book appointments from interior designers and to chat with them.
- **Technology Stack:** HTML5, CSS3, Bootstrap, JavaScript, jQuery, Python and MySQL.
